A BEAUTIFUL HEAD OF HAIR IS THE GREATEST ORNAMENT TO THE HUMAN BODY.—*GENUINE BUFFALO OIL.*—Glorious news from Boston, Mass., to the inhabitants of Baltimore and vicinity.—The great increase of sale of the genuine Buffalo Oil, and the happy results from its use, and all those who have made use of it are raising it—they all say it is superior to Bear's Oil, or any other article now in use, to promote the growth of the Hair; it gives it a satin gloss, and causes the Hair to curl beautifully; also there is no article so successful in promoting the growth of Whiskers. There being imitations in the market, you will call for the Genuine, and observe the signature of the proprietor (William Brown) on the outside wrapper; also, as a further security, he has taken out a copy-right for the labels—any infringement will be dealt with according as the law has provided. 100 DOLLARS REWARD.—Runaway from the subscriber, living near Charlestown, Jefferson county, Virginia, on Sunday night, the 18th of July, a Mulatto Boy, named ELLICK; he calls himself Alexander Brown. He had on when he left home, a fine blue broad cloth coat, with a velvet collar, and a pair of dark cloth or cassimere pantaloons, much worn, a common hair cap, and a pair of boots, patched—this is all of his dress recollected. He is 18 years of age, and has a slight scar on one of his cheeks. He was born and raised until he was 11 years of age, in Albemarle county, Virginia. His grandmother lives near Baltimore and a sister in the city, and he has probably made his way towards that neighborhood. $50 reward will be given for him if taken in the State of Virginia, or in Frederick or Washington county, Md. FIFTY DOLLARS REWARD.—Absconded from the Farm of the subscriber, on Elkridge, Howard District, Anne Arundel county, on the night of the 16th inst., a Negro Man, named JACOB CASSEL, or CASTLE. He is black, supposed to be about 21 years of age, 5 feet 9 or 10 inches high, strong, hearty, and indeed a powerful negro. He has no particular marks, and his appearance proves the fact of the kind treatment he has always received. His ears have been bored, and he wears strings in them. His working clothes consisted of Russia sheeting jacket and trousers, and his shirts of twilled cotton of the best quality. He took with him all his clothing, a description of which cannot be given, as he has several suits. He was charged on yesterday by Beale Whalen, who resides at Marriottsville, with having aided and assisted his woman, named Fanny Smith, in making her escape on Sunday night last; no other cause can be assigned for his running away, and as no threats of punishment were made, it is presumed a consciousness of guilt or discovery must have prompted him.

Jacob has a mother named Suck, whose husband is named Kit or Christopher Cassel or Castle, both of whom reside at or near Ellicott's Mills. He has many acquaintances in Baltimore, a brother named William or Bill, who, it is said, is or was in the employment of Messrs. Hopkins & Brothers.

The above reward will be paid on his delivery to me, or my manager, Mr. Nicholas Lusby. It is believed that Jacob will endeavor to make his way to Pennsylvania, or that he will be found in the city of Baltimore.

PRINCIPAL REASONS WHY DR. HARLICH'S COMPOUND STRENGTHENING AND GERMAN APERIENT PILLS are used by all classes of people, in preference to other medicines.—

Because they are prepared from A PURE EXTRACT OF HERB—a wholesome medicine, mild in its operation, and pleasant in its effects—the most certain preserver of health—a safe and effectual cure of Dyspepsia or Indigestion, and all Stomach Complaints—a preserver and purifier of the whole system.

Because they soothe the nerves of sensibility and fortify the nerves of motion, imparting to their most subtle fluids its pristine tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels, as all strong purgatives do.

Because science and experience teach us that no mere purgative alone will cure the disease of the Stomach and Nerves. Weakness is the primary cause of a host of diseases; and by continually resorting to DRASTIC purgatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up upon the common sense principle, "to cleanse and strengthen," which is the only course to pursue to effect a cure.—Lastly,

Because these Medicines really do cure the diseases for which they are recommended.

BALTIMORE WEEKLY SUN—One of the largest, cheapest and handsomest Weekly Newspapers in the United States, published in Baltimore.—During the short period of its existence, between two and three years, the WEEKLY SUN has acquired a circulation and popularity throughout the Southern, Western and Middle States, equalled only by papers of long standing. MOTHERS! MOTHERS!!—You who have "little children" suffering from the effects of Teething, let not another day or night pass without procuring DR. A child thus affected is observed to be restless, fretful and peevish; sleeps but little, and is often seized with sudden fits of screaming and crying, thrusts its fingers into its mouth, thereby seeming to obtain relief. Thousands of "LITTLE CHILDREN" have been saved from that fatal ravage, CONVULSIONS, by the timely use of the above invaluable medicine.

O'NEILL'S CATHOLICON.—The transcendant merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Scrofula, Bronchites, White Swelling, Kings Evil, &c., have drawn forth the voluntary plaudits of a great number, who, by its use, have been cured of these diseases after all other remedies had failed.

The following letter from T. W. Brotherton, Esq., Pittsburgh, Baltimore, is recommended to the perusal of the afflicted:

Mr. P. O'Neill.—Dear Sir: The cause of suffering humanity requires that I should state to you that a member of my family was for several years afflicted with a scrofulous affection on the face; it baffled the skill of the most able physicians of our city; Swaim's panacea was obtained for a location without benefit. Having seen some astonishing cures which have been made by your Catholicon, I was induced to procure it; it soon began to show its sanative powers, and in a few months effected a radical and perfect cure. More than a year has elapsed since the cure effected, and there is no appearance of a return of the disease. I have since recommended it to several, who are now taking it with every prospect of success.

Yours, &c., T. W. BROTHERTON.

Baltimore, May 1, 1839.

CONSUMPTION—CONSUMPTION, THAT FELL DESTROYER.—*HERE PROOFS* of the Efficacy of DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY, in relieving afflicted Man.

To Dr. Swayne.

Dear Sir:—The time has been, when I would not recommend a medicine advertised in the public prints over my own signature; I now feel different—I feel it my duty to inform the afflicted where they may find relief. I was reduced by a protracted COUGH for six months to a mere skeleton: no rest at night; soreness and pain in my breast, side, &c. Suffice it to say, I used your *Compound Syrup of Wild Cherry*, which in a few weeks relieved me effectually. I am certain, had it not been for your medicine (as life frequently depends on early attention to proper medicines,) I should now be in the silent grave. Let no person delay, but procure your Syrup and be relieved of their COUGHS and COLDS, as they are dangerous companions, and often lead to fatal consequences.

Your friend, ABRAHAM SKINNER.

HARRISON'S SPECIFIC OINTMENT—For the cure of White Swellings; Scrofulous and other Tumours; Ulcers; Sore Legs; old and fresh Wounds; Sprains and Bruises; Swellings and Inflammations; Scald Head; Women's Sore Breasts; Rheumatic Pains; Tetters; Eruptions; Chilblains; Whitlows; Biles; Corns; and external diseases generally. The proprietor has received at least a thousand certificates and other documents in favor of his SPECIFIC OINTMENT—and they embrace almost all the complaints—in their worst stages—to which *ointment* or *sticking plaster* can be applied. Among these certificates, there are a great number from the most eminent physicians in the country, who use the Ointment in their daily practice, in preference to any, or all others which have ever been invented.—The proprietor has also received a great many testimonials from Farriers, Military gentlemen, Farmers and others, relative to the amazing efficacy of his Ointment, in the bruises, cuts, and all the external complaints and diseases of horses; and among them are no less than a dozen certifying to the most perfect cures which it has performed on the sore backs of some of those animals. Altogether, the proprietor feels no hesitation in stating—or in putting it to the proof against all competitors—that "*HARRISON'S SPECIFIC OINTMENT*" is vastly superior to every thing of the kind which has heretofore been offered to the public; and the proprietor not only vouches for its *general* good qualities, but is willing to risk his reputation on a *single trial* for he knows it on the most ample experience, that it cannot be used without immediate and palpable benefit, in any one of the complaints for which it is so highly recommended.

This medicine is for sale in Baltimore by G. K. TYLER, General Agent, corner of Baltimore and High sts.; also by Dr. CORDOH, corner of Pratt and Howard streets; WILLIAM K. LUCINA CORDIAL.—BEWARE OF FRAUD—The unprecedented popularity of this beneficent and inestimable Cordial in the United States, has induced one or more unprincipled persons to manufacture *spurious calcimary articles, under various names, and purporting to produce the same effect;* but without possessing the effect of other than that of [illegible] [illegible] years [illegible] Dr. [illegible] has [illegible] cure for barrenness [illegible] all those [illegible] of the decay [illegible] were wasted to be of but little worth. This, all [illegible] is advertised for barrenness [illegible] impotency, on Dr. Harlich's, are more and many cures, which [illegible] never have been thought of but for the [illegible] and great celebrity of the LUCINA CORDIAL. As no counterfeit of the name is at present in circulation, it may in general be a sufficient caution for the purchaser to ask for the Lucina Cordial, but as further assurance, it would be as well to note that its name, Lucina Cordial, or Elixir of Love, is stamped in the glass of each bottle—the combined arms of France and the United States are on the outward envelope—that a Fleur de Lis is printed on the accompanying directions, and beautifully embossed on the show bills hanging in the stores of those who have the genuine article for sale.

The celebrity of the Lucina Cordial being such as it is, it is scarcely necessary to add that it is the only efficient remedy for barrenness, and the restoration of decayed virile powers ever known; and that in the cure of Fluor Albus, Gleet, obstructed, difficult or painful Menstruation, the incontinence of urine, or the involuntary discharge thereof, its superiority over every other medicine is not only decided, but unquestionable.

Price $3 per bottle. For sale by G. K. TYLER, John M. Laroque, and Roberts & Atkinson, Baltimore; and in Washington by Charles Stott and Tobias Watkins; and in Georgetown by O. M. Linthicum a17-y

Of all remedies yet discovered for the above complaints, this is the most certain.

It makes a speedy and permanent cure, without the least regard to diet, drink, exposure, or application to business.

We give no long quackish recommends to deceive the public. If the medicine does not speak for itself, no one shall speak for it. Our object is to notify where it can be had, and that the proprietor challenges a single case of recent Gonorrhœa to be brought in which the mixture will not effect a rapid cure, under a forfeiture of $500.

It is found to be an effectual preventive against the disease, if exposed. It does not effect the breath in the least, and is perfectly pleasant and agreeable to the stomach.
