Mr. Lester S. Levy

Dear Mr. Levy:

It was a pleasure having lunch with you on Saturday, and I want to thank you for letting me look over your music collection again.

I am also deeply grateful that you will take the responsibility of resolving the problem of expenses involved in orchestrating the music.

Very warm regards.

Most cordially,

Sergiu Comissiona

Mr. Lester S. Levy

Dear Mr. Levy:

As you know, I am interested in doing a "Pops" program next season to include some of the Baltimore songs you have in your collection.

In order to do this I will have to engage an arranger who can orchestrate the music for symphony orchestra for which we would have to pay a fee, and for which, of course, we have no money in the budget.

I would like very much to meet with you, perhaps before I leave Baltimore the middle of May, to discuss what the possibilities are of engaging such an arranger. I would also like to look over your music collection again in order to make a choice of songs.

If your schedule permits, please call me and we can determine a mutually agreeable date to get together.

With warm personal regards.

Cordially,

Sergiu Comissiona
