Dear Willard . . . Thanks for writing. Enclosed are the two maps you ordered . . . hope you're pleased. As soon as the dust settles (conceivably not before January!), we'll let you know of any interesting maps not on your list. Incidentally, I've made note of your item 33, an 1800 Samuel Lewis map of Maryland (a map presumably published by Mathew Carey). Would I be correct in assuming that it is uncolored? If so, would you be interested in an 1818 Mathew Carey, beautifully colored in outline? Carey maps tend to be brittle and browned along the centerfold. The copy we offer is in splendid condition. The price is \$275.00. If I don't hear from you, I'll assume that you don't want this map. In any event, all the best for the summer and let us know if you get to Santa Fe.			
Sincerely,			
Dick
